THE LETTER CARRIERS CHOSEN.

Postmaster Davis Names the Knights of the Gray Suits and Leather Satchels.

THE LEDGER has received a very quiet tip that Albert N. Huff, Thomas M. Luman and William H. Davis have been selected as regular Letter Carriers for Maysville, to go on duty June 1st.

Mr. Luman was a soldier in two regiments during the war, has spent his whole life in Maysville, where he has always pursued an honorable and industrious course.

Mr. Davis is the son of a veteran soldier, and is in no way related to Postmaster Davis. He is a quiet, unobtrusive young man, who has rendered good service to the Adams Express Company for some time past.

Mr. Huff has been City Assessor for three years, filling the office with satisfaction to the citizens and the Council.

In addition to these three there will be a substitute carrier, who has not as yet been named.

Each of these gentlemen will be required to enter bond in the sum of \$1,000, with two sureties. The salary of the regular carriers will be \$600 a year, and of the substitute carrier \$1 a year with pro rata pay at \$600 while on duty in place of the regular carrier. THE Augusta Chronicle comments on the card of thanks tendered by Maysville Christian Endeavorers to the Augustans in this wise: "The people of Augusta are famed for their hospitality to all, but should be doubly hospitable to Maysville, having had the same hospitality extended to our people that was extended to their delegates here. The people of Augusta know of Maysville's manner of caring for her visitors, and only wish for the day to come when the same cordial and friendly relations now existing may be made stronger by friendly and christian intercourse."

SIMON NELSON has returned from Cincinnati, where he was called by reason of an accident to his father. The telegram announced that Mr. Nelson had fallen and dislocated his hip. It turns out that as he was stepping into his doorway he slipped in some way and his body being twisted around he received a heavy fall and shattered the hip-bone near the socket. The injured man is under the care of Dr. Cauffman, a skillful surgeon, who is as yet unable to say what may be the outcome of the injury. When Mr. Nelson left Cincinnati his father was suffering intense pain.

THE long-promised anti-pool-room bill was presented to the House yesterday. Mr. Hensley of Pendleton being its father. The bill makes it unlawful for a person to keep a room or a house where pools are sold on the result of any prize-fight, wrestling match, horse race, etc., and for a violation a penalty is provided by a fine of from \$500 to \$1,000 for each day such is carried on. Any person renting a room to another for the purpose of selling pools therein is also subject to the same punishment. The provisions of the bill do not apply to where pools are sold on the ground upon which the races are being run. It is hinted that a Covington member drafted the bill and that it was offered by Mr. Hensley for satisfactory reasons.

The following is the report of the Grand Jury:

We, the Grand Jury, impaneled for the April term of court, have performed all the duties known to us to the best of our ability, including an examination of the Public Buildings. The Jail is in fair condition; the Clerk's office is in good condition. As to the water closets in the rear of Clerk's office we suggest a liberal use of disinfectants. We would further report that our attention was called to the obstruction of a gate county road running from Charleston Bottom to Washington, and known as the Bridge Road. While we do not find enough in it to indict we suggest that the attention of County Court be called to it, and an overseer appointed for the same; and also that complaint has been made of the road known as the Best Lane, and can find no overseer for it, and we suggest that one be appointed for it. Also we tender our thanks to the court and the officers of the county for their polite and prompt attention, and now ask to be discharged.

A Montgomery County Widower Rejected by a Sensible Young Woman.

A special from Mt. Sterling says V. Cook Hainline, a well-to-do widower of Levee, evidently realizes by this time that the way of the transgressor is hard. Some months ago Mr. Hainline entered into a correspondence with Miss Elizabeth Brown, a handsome young lady of Maytown, and in the course of events proposed marriage.

Miss Brown accepted. She was to go to Mt. Sterling where Mr. Hainline would meet her and they would be married. Before the appointed time arrived, however, Mr. Hainline had, it is alleged, become very much intoxicated. Hearing of this Miss Brown became very indignant and declared they should henceforth remain strangers.

She said: "I will not marry any man who drinks, no matter how much money he may have. I was greatly disappointed in Mr. Hainline. He is not the kind of man I expected to meet."

OZIER'S Art and Musical combination closed their interesting engagement last night illustrating a trip through Ireland and America. The musical selections on the programme were creditably rendered by the Misses Dodson, Hord, Agnes O'Donnell, K. Murphy and Mr. John Kane under the direction of Miss Mary O'Donnell. The drill squad of mimic movements with such martial step and military precision as to evoke general applause. Taken as whole the affair was an artistic if not a financial success and great credit is due the ladies above quoted together with Captain T. Moran for the excellence of the nightly entertainments given.

FRIDAY, May 6th, the entertainment at Washington Opera-house will be for the benefit of the Washington Fire Company. Our citizens should give the "boys" a crowded house, for the attraction is said to be a good one. The Springfield (Mo.) Democrat says of Alba Heywood who will appear on that occasion:

"The attraction offered us yesterday afternoon and evening at the New Baldwin may well be pronounced fine indeed—in fact one of the best performances of its style ever given in our city. Mr. Heywood in his personations is superb, and Mr. Dewey Heywood proved himself another Orpheus with his flute. Mr. Henry Higgins was simply stormed with applause. In fact the same may be said of every member of the troupe."

A PLUCKY MAN.

Lively Battle at a West Virginia Railway Station.

A Mob of Desperados Attack a Conductor and Brakeman.

Int the Fireman, With a Pick-Handle, Gives the Gang the Worst of It—The Mob Starts Over One of the Mob's Refusal to Pay Fare.

PARKERSBURG, W. Va., April 23.—The up train on the Ohio River railroad, due here at 9 p. m., took on a crowd of toughs near Mason City. Capt. Ed Smith, conductor, approached the leader for his fare, and was met by a volley of oaths and a threat that the toughs would take the train. The conductor tried to quiet him, when the tough pulled out a beer bottle and aimed it at the conductor's head. The conductor forced him to his seat and the station being reached the toughs got off. As Conductor Smith and Brakeman Beckwith were standing on the platform the toughs made an attack upon them. One of them aimed a blow at Beckwith that might have killed him, but only grazed his head. Smith jumped on to the leader, when another tough staggered him by a blow on the head, and a third tough jumped on the train and signaled the engineer to go ahead. The train started, leaving the conductor and brakeman behind, when E. T. Caldwell, prosecuting attorney of this county, seeing the trouble, stopped the train. The fireman jumped off the engine, and taking a pick handle, jumped into the toughs and mowed them down right and left. One of the toughs had aimed a second blow at Conductor Smith, when a freight conductor rushed up and poked a revolver under his nose and threatened to shoot him. The battle then turned, and the train crew, boarding the train, came on. The fight was the worst ever known here, and Smith and Beckwith are the heroes of the occasion.
